Frances Mohawk Mining & Leasing Company. Incorporated—Wyoming. This company was organized in 1906 for the purpose of taking a lease on the Mohawk Estate in Goldfield, Nevada, and in its early years proved very successful and paid dividends amounting to more than the original subscription price within the first years of its existence. Its stock was listed in San Francisco and sold high. In 1909 a receiver was appointed and its officers restrained from touching the property. Since that date we have been unable to trace the company and no sales of its stock are reported. We believe company out of existence and its stock worthless as of November 3, 1930.

Francklyn Land & Cattle Company.	Incorporated in New Jersey, October 5, 1882 and its charter was forfeited for non-payment of taxes, January 7, 1893. The last reported officers were: Pres., Chas. G. Francklyn, 15 Washington Sq., N. Y. C.; Sec., Wm. J. Campbell, 120 Broadway, N. Y. C.; Treas., Wm. F. Van Pelt. We have been unable to find any trace of this company, its officers or trustees for a great many years and it is our belief that both stocks and bonds of the company have no value at the present time. We have been unable to secure any market for same.

Franco American Consolidated Phosphate Company.	Incorporated in Arizona, April 13, 1908, and since that date has not filed an annual report or paid taxes. Accordingly we are unable to find any trace of the company for a long time and believe it went out of existence many years ago. As far as we can ascertain there is no market for the bonds of this company, which we believe valueless at the present time.

Frankford Realty Company.	Incorporated in Pennsylvania. We have been informed that the shares of this company were worth about $1.00 per share as of the date of death. This is probably true if the buildings the company owns are not worth more than $440,448.27. On the basis that the buildings are only worth the above, we submit $1.00 per share as fair as of April 3, 1932.

Franklin Iron & Coal Company. Incorporated in New York, March 15, 1865, and had an office in Manhattan. The property of the company was located in Preston County, West Virginia. The Clerk of the Court of Preston County informed us that they have no record of a company of the above name as having done business in that county. The Corporation was dissolved by the Governor, April 2, 1924. The company probably went out of business long before 1900. The bonds were reported as worthless in 1903 and submit them as such as of the present time.

Fraternity Gold Mining & Milling Company. Incorporated in South Dakota about 1900. We are unable to find any trace of this company for a great many years and believe it has been out of existence for a long time. In 1922 its charter expired by limitation and to date has not been renewed. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Frederick Chemical Company. Incorporated—New Jersey, August 29, 1902, and were engaged in the manufacturing business, with an office at 131 Federal Street, Camden, New Jersey. On January 25, 1906, their charter was forfeited for nonpayment of two years' taxes. The company evidently was short lived and failed. We do not believe the shares have any value.

Fremont Oil Company. Incorporated in West Virginia June 7, 1910 with principal office in Charleston, West Virginia. We find no trace of the company for many years and on February 23, 1917 it was dissolved by decree of Court for non-payment of taxes. As far as we can ascertain there is no market for the stock which we believe worthless at the present time.

French Broad Valley Railroad Company. First Mortgage 5% Bonds, dated Feb. 15, 1890 and due Feb. 15, 1910. The Central Trust Company as trustee of the foregoing issue authenticated and issued $200,000 of bonds thereunder date of September 6, 1890, but has had no communication with the company since that date. They have never acted as fiscal agent for the payment of its coupons. At the ime of the issuance of the bonds Mr. A. G. Dyott was president and Mr. Edward B. Williams was secretary, with offices at 52 Wall Street, New York City. We have been informed by the Corporation Commission of North Carolina that the above named railroad is out of business. Apparently the company never laid any tracks nor did they go beyond the development stage. If the company had any property it would have been foreclosed long ago. It is our opinion that the bonds are worthless.

Friede Globe Tower Company. Organized about 1907 to operate amusement enterprises and had an office at 27 William Street, N. Y. C. It was reported in the same year that Henry R. Wade, former treasurer of the company was convicted of embezzlement. Mr. Wade testified that $146,000 had disappeared from the company's treasury and was divided among Langan, Friede Burdette & Price. Mr. Langan was Inspector of Elevators at Coney Island. According to reports this company was formed merely as a scheme to sell stock. The company was reported out of business in 1908. It is our opinion that the preferred and common shares are without value.

Fry Holding Corporation. Incorporated February 6, 1929, in the State of Delaware, and is in existence with offices at 340 E. 48th Street, New York City. The company holds patents that have not materialized to date. We have been informed by John L. Anderson, Secretary of the company, who is located at 285 Madison Avenue, New York City, that the company has been in the red since incorporation, and owe more than they have in current assets. The company's patents are for the automobile seat covers. At the present time they are negotiating with Ford and other auto manufacturers to dispose of their product. It is a matter of speculation whether the company will make good. However, we were informed that if the company is successful, it will probably be a big success. Mr. Anderson stated that there is no market for the stock at this time, nor was there any near the day of death of the decedent. Furthermore the stock could not have been sold at any price. Therefore it is our opinion that the shares did not have more than a nominal value as of August 4, 1931, and submit them as such as of that date.

Fuel Oil Motors Corporation. Incorporated in New York, March 23, 1921 and had an office in Buffalo, New York. We are unable to find any trace of this company for many years, and even though it has not been officially declared dissolved, we believe the company out of existence at the present time. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Fuel Products Improvement Association. Incorporated in Delaware and was located at 17 Battery Place, N. Y. C. in care of J. W. Searles. The only person that knows anything about the value of the stock is Harold R. Berry of Boonton, N. J. There was no market for the shares as of Oct. 15, 1933.

Fuel Products Improvement Assn. Inc. Incorporated in Delaware to acquire a patent. This patent has not been used as yet, and will require an engineering project to utilize said patent. The whole venture is a gamble although it probably has merit. There was absolutely no market value for the stock at any time near Oct. 15, 1933 and therefore, submit only a nominal value for the preferred and common shares as of that date.

Fulcra Tan Company. Incorporated in Delaware about 1922 and went out of business about 1926. In 1928 the company lost its corporate charter, and was proclaimed by the Governor on January 15, 1929. We have failed to find any record of this company's operations or any evidence that its stock ever had a value. It is our opinion that the shares are without value.

Fulton Gold Mining Company. We are informed by the Secretary of State of Pennsylvania that he has no record of a company by this name. The name does not appear in any mining books as far back as 1908, and we believe that the company has been out of existence for a number of years. There is no market for the stock, which we believe worthless at the present time.

Furnace Creek Consolidated Copper Company. Incorporated—Nevada about 1906. Capital—$5,000,000. Par value—$5. Address in 1910—604-20 Broad Street, N. Y. C. Letters addressed to the company at that time were returned "unclaimed." Previous to 1910 the property of the company was idle. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Furnace Creek Copper Co. Incorporated in Washington and was located at Spokane, Washington in 1912. The company was reported to have had 21 claims unpatented near Greenwater, Washington. In 1913 the camp was reported deserted and the property as worthless. In 1916 the company lost its corporate existence. Therefore, it is our opinion that the shares are without value.

Futrell Coupler Company. This company manufactures a coupler for freight cars. It was incorporated in November, 1919, with an authorized capital of $500,000, which was increased in March, 1920, to $2,500,000. Thomas J. Futrell, President of the company, we understand has had many years experience in the railroad service as conductor, and spent many years perfecting this device. It is a general impression that it will be many years before the R. R. Companies will be induced to spend such a large amount of money to equip their cars with this device. In 1922 there was a small market for the stock. It was quoted nominally at 25c. bid 40c. asked. In 1923 we understand the company was making enough money from its general contracting business and from the sale of its couplers to take care of 6% dividend on the Preferred Stock it was selling. The last time any mention was made of this stock was on August 2, 1927, when Jenkins, Whedbee & Poe of Baltimore, had some interest in the stock but they had no bids for it, nor was anything asked.

Galloway, J. O., Oil Interests.	Reported to have been incorporated in the State of Texas, but the Dept. of State of Texas finds no record of such a company listed in their files. According to our records the Class "B" stock was last quoted in 1924 at 10 cents per share asked, with no bids. The company was organized in Oct., 1922, to operate under a declaration of trust with no specified capital. The company took over defunct oil companies on the customary basis, that is by requiring stockholders in the defunct companies to purchase more stock or see their former commitment wiped out. This is old stuff, when the J. O. Galloway Oil Interests went busted they probably formed a new company to sell the stockholders all over again. A large block of stock was offered in Pittsburgh in 1922, but no bid could be obtained. It is just another company for our defunct company list. It is our opinion that the shares are worthless.

Galveston & Great Northern Railway Company.	Incorporated, Kansas, March 28, 1894. Capital, $18,000,000. Directors—Edward Roemer, P. J. Doherty, Edwin J. Shafer and Frederick Emigholz of New York City; David F. Ororke of Altoona, Pa.; James Galloway of Hoboken, N. J.; Ansel R. Clark and T. H. Brown of Sterling, Kansas. The company proposed to construct a railroad from Niobrara, Neb., to Galveston, Tex. Estimated length of line, 1,000 miles. Evidently this company never carried out its plans as we can find no trace of it after 1895 in any railroad directory or manual. There is absolutely no market for the stock, which we believe valueless at the present time.

Game Cock Mining Company. Incorporated Missouri about 1905. We are unable to find any trace of this company for a long time and believe it went out of existence many years ago. On Dec. 2, 1913 its charter was forfeited for failure to comply with annual registration law. As far as we can ascertain, there is no market for the stock, which we believe valueless at the present time.

Garcia Petroleum Corporation. A letter from Mr. John R. Davies, president of the Garcia Petroleum Corporation, states the following: "I am in receipt of your letter of February 6th addressed to Garcia Petroleum Corporation. In reply I beg to state that on November 30th, 1928, I assumed the Presidency of the Company for revamping purposes and ever since have been engaged with the founders in developing a workable program for the future of the Company. The founders are a group of Venezuelan and Colombian gentlemen, who through their national connections have been in splendid position to obtain options on the oil concessions for the Company. Upon becoming acquainted with the affairs of the company, I considered that its values would best be handled by negotiations with financial and oil interests, instead of by development through a public sale of stock. I thereupon cancelled the stock selling contract and closed the stock selling office at 11 West 42nd St. and while under administration, it is not intended that there be any further public offerings of the stock. I believe the Company has real potentialities and am hopeful of its future. As I have not concerned myself with the marketing of any stock, I can, personally, give no answer to your inquiry as to its value, or present market ability." Steelman & Birkens, brokers at 20 Broad Street, New York, have been interested in this stock from time to time and it is possible that they will be able to find a market for your share, if you desire to sell it. (1929.)

Garden City Oil & Gas Company. Incorporated under the laws of the State of Kansas and was located at Garden City, Kansas. Mr. R. E. Stotts, an attorney at Garden City, informed us that the subject company has been out of existence for a number of years. It was organized in 1918 for the purpose of drilling a well in the vicinity of the above city. The well was drilled and was found to be dry. Mr. Stotts also stated that the 500 shares of stock have no value whatsoever.

Garland Inn Book Company..	Incorporated—West Virginia about 1913. We are unable to find any trace of this company for a number of years and believe it has gone out of existence. The Secretary of State of West Virginia advises that he has no record of a company with the above title. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Gary and Interurban Railroad. The property of this company was foreclosed in 1917 and sold on September 18th of the same year for $200,000. There were outstanding $1,000,000 of bonds. Depositing bondholders received $650 of Debentures for each $1,000 bond of the Gary Street Railway new company. No other security holders were able to participate in the plan except the bondholders, leaving no equity for the capital stock, which is without value.

Gas Electric Vehicle Corporation. We find no trace of this company for a number of years and believe it out of existence at the present time. On December 15, 1926, 53 shares of the par value $10 stock sold at auction for $5 the lot. We believe the stock without value at the present time.

Gas-Hydrocarbon Recovery Corp. Inc.—Delaware, 1926. We understand from our records that this company incurred a loss on a gas plant which finally was foreclosed, and also on some "options" on some Fla. property. The latter, apparently, are practically without worth as a consequence of the fall in values in that state. The company paid about $160,000 of stock and there are also some notes. We understand that the real purpose of the company which had to do with oil-gas was not fully carried out. The company had an office at 270 Madison Ave., N. Y. C. Charter forfeited Jan. 19, 1931, for non-payment of two years taxes.

Gates Coal & Coke Company.	This company had an authorized bond issue of $1,000,000 of which $721,000 was issued. The properties were located in Pennsylvania, Kentucky and West Virginia and according to last reports were undeveloped. Some time ago $15,000 worth of First 6% Bonds were sold at auction by A. H. Mueller & Co., for $70 the lot. In view of the above we believe these bonds have only a nominal, if any, value at the present time.

General Airplanes Corporation. Organized in 1927 by Charles S. Reiman and were the manufacturers of the Aristocrat Monoplane, the General Mailplane, and the Cadet Trainer. The company quit the aviation industry on May 16, 1931, when more than $500,000 worth of aircraft, machinery and supplies were sold at public auction at their hangar at Roosevelt Field, L. I. Copyrights, patents, patterns and good-will and name of the corporation also were offered. The depression was given as the cause which led the stockholders to decide to sell. A receiver was appointed for the company in October, 1929. On January 2, 1930, 100 shares of Common Class "A" Stock sold at auction for $7. the lot. The last quotation on the common stock was quoted at 16 bid, 16½ asked, in 1928 and had no market in 1929. For the reason that a receiver was appointed in October, 1929, and the stock having no market after 1928, it is our opinion that the shares had only a nominal, if any, value in 1929 and believe that the loss should have been deducted for that year.

General Gas Electric & Power Company. Organized May 6, 1899. Articles of Incorporation were filed in Indiana August 27, 1901. Receiver was appointed for General Gas Electric & Power Co. in the Fayette Circuit Court, Connersville, Ind. in the Spring of 1905. George M. Finks was appointed receiver and Hyatt L. Frost was attorney for the receivers. Finks was at that time President of the Fayette National Bank. He has since died and the bank has surrendered its charter. Mr. Frost is a practicing attorney at Connersville at this time. We understand a petition was filed by Mr. Frost as receiver, asking for authority to sell the property and all bondholders were made a party either by personal service or by publication and the property was sold by order of the Court to the Light, Heat & Power Company of Connersville, Ind., which company had just been organized. The lien of the bondholders of the General Gas, Light & Power Company was transferred to the fund derived from the sale of the property. The property was sold free and clear. Distribution was made under the order of Court and the receiver discharged. It is our further understanding that bondholders of the original company several years ago tried to recover something from their bonds, but after investigation gave up further effort and received nothing. It may be that you will want to communicate with the former attorney for the receivers for the company in question, Hyatt L. Frost, now residing at Connersville, Ind.

General Mines Corporation. Incorporated in Delaware and was believed to have been a promotion of George Graham Rice. This stock was last quoted in 1930 at one cent a share. No trace could be found of the company since then nor was there any value to the stock. It is our opinion that the company went out of existence in 1930 and the shares were worthless as of that year. This is substantiated by the forfeiture of the company's charter in 1931.

General Mines Investment, Ltd. Inc.—under Limited Co.'s Act of 1862-1900, London, Eng. Company formed in England. Letter of Ashurs T. Morris, Crisp & Co. attorneys for estate in England, informs no market for shares of stock of this company possible to find purchaser to relieve estate of shares of stock at 1d per share, last dividend on ordinary shares paid in 1924—market opinion is that company has some possibilities.

General Mortgage & Loan Corporation. Incorporated in Massachusetts January 31, 1920. Its last certificate of condition was filed April 24, 1928, giving the names and addresses of officers and directors as follows: Harold A. Pheeny, Hyde Park, Mass., Pres.; Perlly F. Crosly, Newton, Mass., Treas.; B. M. Moran, Lynn, Mass., Clerk; Dr. H. Ritter, 660 Chestnut St., Springfield, Mass.; Wm. T. Fickert, Middleboro, Mass.; G. Avery Ray, 42 Bay St., Springfield, Mass.; J. T. McKeclime, Middleboro, Mass.; F. H. Hodges, Hyde Park, Mass. Company office suite 402-199 Washington st., Boston, Mass. Mr. Moran the secretary of the company advises us that the corporation is not buying or selling stock at present, although local brokers have offered other stock in trade or a low cash value for the stock. In 1924 the company had persons connected with it who through bad management put the corporation in a position where it had to suspend dividends. Law suits were brought against the guilty persons and they were made to pay back a sum of money which was not enough to cover the damage. No member of the management at the present time is responsible for the difficulties of the corporation. The corporation is not in a position to pay dividends and the management does not know when they will be resumed.

General Music Supply Company. Incorporated in Maine in 1907 and was located at 524 W. 57th St., N. Y. C. Samuel Insull, President. This company bought out the Perforated Music Roll Company in 1907. In 1908 our office was informed by the Treasurer of the company that the shares in his opinion had no more than a nominal value. This company filed its last return in 1914 and was excused May 22, 1915, having ceased to transact business. Therefore it is our opinion that the shares are without value.

Genii Mining Company, Ltd. Mine address, Magalia, Calif. Incorporated July 19, 1927 in Nevada to purchase and develop the Cohan-Gooday drift mine. Stock recently listed on the San Francisco Mining Exchange. Financial statement shows no accounts payable and has over $40,000 on hand to 1930. Property—650 acres (520 patented) covering 1 1-3 miles on the Mammoth Channel, 1½ miles north of Magalia, Butte County. Previous attempts to mine this property by shaft sunk through the capping failed, due to heavy water flow. The long adit obviates this difficulty, and if the optimism of the backers of this enterprise is justified, company should soon be prepared for production.

Georgia & Florida Railroad.	Value of Debenture 6's due 1951. Incorporated—Georgia in 1926. In October 1929 receivers were appointed for the road by the United States District Court for the Western Division of South Carolina. In April 1930 a protective committee was formed for the Debenture Bondholders with the Richmond Trust Company, Richmond, Virginia, depository. The company's statement as of December 31, 1930, showed about $22,000,000 of assets and about $10,000,000 of liabilities. Most of the assets consist of $21,646,994, representing investments in road, equipment, etc. Of the liabilities there is an indebtedness of $8,500,000 that will have to be paid before the debentures. According to the Interstate Commerce Comission's valuation on June 30, 1918 of $5,737,503, for the total owned and issued property, it seems rather doubtful if the debenture bondholders will ever realize anything. In our opinion the Debenture 6's due 1951 are a total loss.

Georgia Gold Mining & Milling Company.	Incorporated — Arizona, November 18, 1907. Capital — $1,000,000. Officers—M. S. Fletcher, Secretary; Samuel Bennett, Treasurer. This company has failed to file reports or pay license fees since 1912 since which time we have been unable to find any trace of the company. It is our belief that it went out of existence at that time. As far as we can ascerain there is no market for the stock, which we believe valueless at the present time.

Gila-Pinal Copper Company.	Incorporated—Arizona about 1916. Officers—J. H. Henness, President; H. G. Murphy, Secretary. This company filed its last report in 1917 and since that time we are unable to find any trace of it. On August 23, 1927 its charter was forfeited for failure to pay taxes. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Gilman Brothers Inc.	Incorporated — Massachusetts. Address—110-112 Shawmut Avenue, Boston, Mass. The following letter from the company will explain how a market can be made for the preferred stock of Gilman Brothers:—"If you will kindly refer to the back of the stock certificate you will note the following: EXTRACT FROM THE BY-LAWS—ARTICLE III, Section 2. **"Section 2:**—In the event that any holder or holders of the preferred stock desire at any time to will their said holdings of said preferred stock, a thirty day option in writing is to be given to all holders of the common stock of the company or their heirs or assigns, either jointly or separately, to purchase said preferred stock at market value, the market value to be determined either by mutual agreement, or in event of a disagreement, by three disinterested persons, etc. As we stated in our letter of September 19th, this company is a very close corporation and the stock is of little value except to those who are interested. Before we could definitely decide as to the value of the stock we would ask that the rules and regulations as set forth in the By-laws and appearing on the Stock Certificate be complied with, and that we be given the names of the stockholder and number of shares he is holding, and an option for thirty days to be submitted to the holders of common stock to ascertain if any or all are interested in the purchase of same."

Glasser (Charles E.) & Company, Inc.	Incorporated under the laws of Delaware and engaged in the investment security business with an office at 50 Pine Street, New York City. Officers—Walter M. Harvey, President; J. C. Watson, Secretary and Treasurer. In 1927 we found that the company had an office at 41 East 42nd Street, New York City, and since then we have found no trace of the officers or the company. The charter of the company was repealed on January 20, 1928 for non-payment of taxes. In 1924 the preferred stock was offered at $1 per share with no bids and no market for the common. We have found no evidence that the stock ever had a value and it is our opinion that the preferred and common stocks are valueless.

Glengarry Mining Company. Company was incorporated under the laws of Montana in 1918 with an authorized capital stock of $1,500,000, par $1.00, of which we understand there has been approximately $700,000 issued. The property of the company consists of approximately 400 acres located near Cooke City, Montana, upon which we believe 3,500 feet of underground work has been completed. The President of the company advised us that the original cost price of the property was $160,000 and that all of this has been paid with the exception of $50,000. Annual meeting of the company is on March 30th. No dividends have been paid. At the present time the company is engaged in offering for sale the capital stock at $2.00 a share, $1.50 of which, we understand, goes to the Treasury and 50c a share being paid as a

commission. At the present time they are endeavoring to raise sufficient funds for the installation of a smelter and that the amount required is $50,000. The President of the Company is Dr. Martin R. Guenzel and the office of the company is located at 18 West 34th Street, New York City. There is no outside market for the stock, which has never been traded in by brokers specializing in unlisted securities (1929).

Globe Crude Oil Company.	Incorporated Colorado. We have been unable to find any trace of this company for a great many years and believe it has gone out of existence. On October 25, 1926 the company was advertised defunct and inoperative for non-payment of state taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Globe Petroleum Company.	Organized in California in 1919 and at last accounts were located at 422 Central Bldg., Los Angeles, Calif. Letters addressed to the company were returned marked "Moved left no address." W. W. Stabler, Pres.; H. S. Clewett, Secy.; J. S. Bailey, Treas. Properties—Drill site in Sante Fe Springs and 22½-acre lease in Elwood district. The company evidently failed to strike oil, the lease reverting back to the original owners. On Mar. 16, 1932 Pledger & Company of Los Angeles offered stock at 1 cent per share with no bids. It is our opinion that the shares are worthless.

Go Gas Company.	Incorporated in Delaware and forfeited its charter on April 1, 1929, for nonpayment of taxes. The last reported officers were: Pres., W. T. Dobson, 11 Deysdate Drive, Great Neck, N. Y.; Vice-Pres., M. V. Long, 1649 St. Nicholas Ave., N. Y. C.; Treas., L. V. Anderson, 1207 Henry Pl., Plainfield, N. J.; Sec., C. S. Goodwin, 124 W. 75th St., N. Y. C. A bill in equity was filed in the district of Delaware against the Go Gas Company by Cities Service Refining Company, on Feb. 5, 1925, being No. 565 in Equity. The receiver filed his final report on Nov. 8, 1926 and was discharged. On Feb. 6, 1925, an involuntary petition in bankruptcy was filed against the same company. The bankruptcy proceedings were dismissed on April 10, 1926. On Dec. 23, 1926, a foreclosure bill was filed against the Go Gas Company and Unity Petroleum Company, being No. 625 in Equity. In this suit a decree of foreclosure and sale was entered Dec. 27, 1926. The property did not bring sufficient to pay the face of the outstanding bonds. The final decree was entered June 30, 1927 and contains a deficiency judgment against the Go Gas Company, in the amount of $207,820.95. We know of no undistributed funds.

Gold Coin Mining Company. Incorporated on April 20, 1920, in Delaware, and is located at Keystone Bldg., Pittsburgh, Penn., in care of Milton S. Englert. The last balance sheet published by the company is as of December 31, 1929. Assets—$2,658,026. Includes Treasury stock of $246,807 and $60,839 expenses in excess of income. Cash $279. Debts $62,625. The properties of the company may have merit but if so, it is not easy to understand why this enterprise has not already achieved success. James J. McLean & Co., N. Y., quotes this stock at 10 cents a share bid, with no offers. (1932)

Gold King Extension Mines Company.	Succeeded in 1923 as a change of name by Gold King Mines Corp. This company was last reported at 670 Gas & Electric Bldg., Denver, Colo., in care of F. D. Stackhouse. A petition to foreclose on the holdings of the company filed in 1926 by International Trust Company of Denver on behalf of bondholders was allowed in 1928. The amount due was $363,000 principal and interest. At last reports the bondholders took over the property leaving no equity for the stock, which in our opinion is without value. In 1930, 1,150 shares were sold at auction at $11 the lot.

Golden Consolidated Mines Company. Incorporated—Colorado, 1921. Capital—$1,000,000; par value 1 cent. Officers—R. R. Moodie, Pres. & Treas.; C. L. Carter, Vice-Pres.; N. M. Abbott, Sec. Address—712 Colorado Bldg., Denver, Colo. The company operated some of its properties in 1921 and 1922, but became idle in 1923. In 1924 they again operated for a short time and have remained idle to date. There is no market for the stock which we believe has only a nominal, if any, value at the present time.

Golden Crest Mining Company. Incorporated—South Dakota, 1909. This company has been defunct for a number of years. In 1921 the Golden Crest Consolidated Mining Company was organized to operate the properties, but the new company did not last long only operating for about 2 years since which time it has been idle. As far as we can ascertain there is no market for the stock of either company and believe them valueless at the present time.

Golden Empire Mining Company. Incorporated Colorado. Address—E. D. Payne, Empire, Colorado. In 1925 the company was reorganized as the West Fork Consolidated Mines Company. At present we find no trace of either the old or new company and believe them both out of existence. Letters addressed to the new company have been returned. As far as we can ascertain there is absolutely no market for the stock of either company.

Goldfield Consolidated Water Co. The American Trust Company of San Francisco, Calif., has informed us as follows: "This company has been in default for a number of years by reason of the failure of Goldfield as a mining camp and the consequent loss of customers to the Water Co. Our information is that the majority of the bonds are owned by the Rickey Estate, which is represented by Mr. F. D. Frost, Jr., who is connected with Schwabacher & Co. Mr. Frost's residence address is No. 101 Plaza Drive, Berkeley, Calif. We understand that the Rickey Estate has kept the property going with the hope of selling it to the Town of Goldfield and with the further hope that there might be some revival of mining. Our opinion is that the company is barely earning enough to keep going. There has been no possible sale of the property as a going concern, and if it were sold at foreclosure the bondholders would have to buy the property up and be responsible for its operation, and the payment of taxes and other charges. As the matter has been pending for some time we have instructed our attorneys to proceed with the foreclosure of the mortgage and its sale so that the matter will come directly under the control of the holders of the outstanding bonds. If the operation of the property was discontinued the property would have no value as it is impossible to sell it for junk since the cost of freight is prohibitive. As far as we know, there is no market for the bonds at any price. We doubt if the property was offered for sale it would realize ten cents on the dollar. We suppose if there should be a mining boom in Goldfield and a demand for water the value of the property should be measureably restored." In view of the above we submit only a nominal value for the bonds.

Goldfield Treasure Mining Company. Incorporated—Arizona with a capital of $1,000,000. The stock was quoted about 1905 at 6 to 10 cents. The company had about $3,500 in the bank at that time. The property of the company was located in the Goldfield district of Nevada. The United States Investor reported in 1906 that no work was being done on any of the properties nor were their prospects very alluring. Another report stated that the whole affair was a stock selling scheme. There is no record of the company in the mining manuals nor is there any evidence that the stock ever had a value. It is our opinion that the shares are worthless.

Govett, Limited. Govett, Limited, is located at 141 East Avenue, Long Island City, New York, and holds certain drug patents. The capital stock consists of 200 shares of no par value. The shares are closely held, and there were no public or private sales at any time this year. The net loss from operations for 1930 was $1,416.30, and $14,906.72 since incorporation. The book value of stock based upon book assets and debts as of December 31, 1930, was $8.62 per share and was determined as follows: The assets lists "Inventories" at $850. We believe this figure should be carried at $425. From an investment point of view the inventories would

appear to be worthless for the company loses almost as much as the gross sales every year. The assets lists "Equipment" at $7,618.98. If this equipment was sold at a liquidation sale, we believe it would only bring about 20% of its full value. The assets lists "Patents" at $36,248.56. We do not believe these patents are worth anything for the company has shown a loss every year.

	Assets	Revised Assets
Cash	$ 497.24	$ 497.24
Accounts Receivable	162.66	166.66
Inventories	850.00	425.00
Org. Expense	600.00	....
Equipment	7,618.98	1,523.78

Capital Stock (200 shares)
Book Value per share..... 8.62

The market value of the capital stock based upon earnings available for dividends is nil as the company shows a loss for each years operation. The market value of the capital stock based upon dividends paid is nil, as no dividends were ever paid. Summarizing these various conclusions we have the following:

	Per Share
Book Value of stock based upon book figures	$8.62
Market Value of stock based upon earnings	0
Market Value of stock based upon dividends paid	0

The average price obtained from the foregoing conclusions is $2.87 per share, which we believe is fair as of January 1, 1931. The company did inform us on October 29, 1931, that their position is improved. They have been able to avoid further expenses for rent. The patent, which has held the company up badly was finally granted this Spring, and they have been able to make a license agreement with a guaranteed minimum royalty beginning next year.

Grain Growers Association, Inc.	Incorporated in South Dakota in April, 1919. Mr. L. O. Goodman, President of this company, advises us that he holds a large amount of stock of this company and considers his holdings approximately worth $5 per share. He further states that the farming business has not been very prosperous for the past few years, but it seems that conditions are improving and he believes that ultimately the stock of this company will prove of great value. Mr. L. O. Goodman is an attorney at law located at 83-84-85 Hirbour Bldg., Butte, Montana.

Grandma Consol. Mines Co.	Incorporated Arizona, 1905, to acquire the property of the defunct Grandma Mining Co. and has an office at 1633 N. Curson St., Los Angeles, Calif. The stock is assessable, there having been thirteen assessments of one per cent per share levied, up to Nov., 1924. Shareholders who did not pay the above assessments were sold out and their stock is now worthless. Evidence of the payment will be found on the certificate. The company did some work in 1929, employing six men. There is absolutely no market for the stock and it is deponent's opinion that the shares have only a nominal value.

Grant Co., The. The Grant Company was reported to have been located at Detroit, Michigan in 1926. Our correspondent in that city failed to locate any company of that name nor any evidence that the Trustee Certificates have any value. Letters addressed to the company were returned marked "Not in Directory". In view of the above we believe the company is out of existence and the shares worthless.

Great Basin Oil Company. Incorporated in Arizona, May 23, 1924, and was located at Holbrook, Arizona. Properties (1924) 350,000 acres leased in North Eastern Arizona. The company was listed in our Petroleum Register dated 1928 but was not listed since then. Apparently the company became defunct that year. In 1926, the attorney general of New York obtained an injunction against the company selling any more of its stock. The whole venture was classed as a swindle. However, the injunction was modified that year and permitted the company to sell stock, if it complied with specific regulations. The company evidently failed to strike oil and lost its leases in 1928. It is our opinion that the company went out of business in 1928 and that the shares have had no value since then. On Feb. 13, 1929, 177 shares were sold at auction for $5 the lot.

Great Lake Copper Co. Office last reported at 51 E. 44th St., N. Y. C. Officers—John McKinley, Pres.; Horace Williston, Sec.; Robert Sloane Bickford, Treas. The company was organized in 1900 under the laws of West Virginia with a capitalization of $3,000,000; shares $5 par. Properties consisted of about 4,000 acres near Sudbury, Ontario. In 1903 the charter of the company was forfeited for non-payment of taxes, at which time the company was reported hopelessly involved. We believe the shares valueless at the present time.

Great Northern Copper Company. Incorporated in South Dakota on Feb. 2, 1917, and was located at 11 Broadway, N. Y. C., in care of Abadiah Hodder, Treasurer (1917). Last known address 801 Empire Bldg., Pittsburgh, Penn. The property of the company was reported to have been located in Newfoundland. The company owed $17,000 on promissory notes in 1923 and was reported in litigation in 1925. The property was reported idle in 1925 and dormant since then. A letter addressed to the company at Pittsburgh was returned marked "out of business". It is our opinion that the shares are worthless.

Great Plains Oil & Gas Company. Incorporated under the laws of Texas with a capital stock of 200,000 shares, $1 par value. Its properties consisted of 200 acres in Hutchinson County, Texas. They reported a gas well in the Fall of 1927 on the 160 acre tract. Mr. Lee Bivins, the original promoter of the company, owned 60,000 shares and was loser under the leases which they now hold. We undersand that this stock has no material value at this time. It is our information that they have one gas well which was formerly furnishing gas for the Amarillo Gas Company, but this has been discontinued, as the Amarillo Gas Company determined that the gas was not commercial. At the present they are not furnishing any gas to anyone in any substantial quantity, and have no funds available for stockholders. There has never been much activity in this issue, but late in 1927 it was not determined among brokers on bids as high as 80 cents since then turned to the filing of an injunction suit against the man interested in the Great Plains Oil & Gas Company. The stock gradually declined and brokers advised us that there is no market for the stock at this time. If you wish to direct inquiry of the company they are located at Amarillo, Texas. Mr. James R. Tolbert, Jr., located in the Burns Building, Amarillo, Texas, will be glad to furnish you with any information you desire.

Great State Petroleum Co. of Texas, Inc. Organized under the laws of Delaware in 1919 and had an office at 320 Fifth Ave., N. Y. C. Albert C. Rick and Percival K. Frowert were directors. The office at 320 Fifth Avenue was discontinued in 1922. In 1921 the company went into receivers hands. A. G. Parker, President and nine others were indicted the same year for fraud. The statements made by the company were reported as false, and were made for the sole purpose of separating investors from their money. In 1923 315 shares were sold at auction for $1 the lot. It is our opinion that the shares are without value.

Greene Gold Silver Company.. The Concheno Mining Company, a subsidiary of The Corrigan, McKinney Steel Company, located at Cleveland, Ohio, acquired the property of the now defunct Greene Gold Silver Company. The mine was reopened in 1922 after a shutdown, due to the revolution. Incorporated under the laws of West Virginia in November, 1902. Capital Stock $325,000,000. Par value $10. This corporation purchased the claims of Columbia Copper Company, after an adventuresome career, was placed in bankruptcy early in 1909 and all efforts to regain any portion of moneys paid for the stock have been unavailing as late as April 27th, 1914, a stockholders litigation against some of the brokers who were most active in the sale of the stock was non-suited. In 1910 the recess of the State of West Virginia showed the Corporation to be bankrupt. We submit the stock of the Green Gold Silver Company as worthless.

Greenport Ship Company, Inc.	Incorporated in New Yoork July 19, 1918; at the time had an office at Greenport, Long Island. Several years ago this company was sold to the H. W. Sweet Ship Yard Company, which formed a new stock company and is now operating at Greenport. We are advised that stockholders received nothing as a result of the sale. The assets were insufficient to pay the creditors in full. We understand the creditors received only about 48%. In view of the above, we submit the shares as valueless.

Griffith, D. W., Inc. Incorporated under the laws of Maryland in June, 1920, and acquired the entire business formerly operated and owned by D. W. Griffith. Capital Stock: Authorized 125,000 shares Class "A" and 375,000 shares Class "B" of no par value. Outstanding 121,693 shares Class "A" and 375,000 shares Class "B."

Price Range:	1929	1928	1927	1926
Class "A".....	4½-1	2½-1	1½-¾	1⅛-½

Dividends: Initial dividend of $1 a share on Class "A" was paid March 4, 1922 to July 22, 1921, 50c; none reported thereafter. None on Class "B" shares. Property acquired includes the Griffith studio at Mamaroneck on Long Island Sound, New York, including 58½ acres of land, buildings and equipment, together with ownership of a large number of released productions, productions in process and rights for future productions and existing contracts with distribution companies, etc. The corporation also holds a one-fifth interest in the United Artists Corporation. Officers: D. W. Griffith, President; Albert L. Gray, Vice-President; and General Mnaager; Albert H. T. Banzhaf, Secretary and J. E. Epping, Treasurer. Directors: The above and Lee Benoist. Office: 729 Seventh Avenue, New York City. Attached is a statement of assets and liabilities and Income & Profits and Loss Account as of December 31, 1930. The company lists investments of $465,112.50 at cost. If they are listed securities, they are probably worth only half that much today. The company shows a deficit of $1,867,928.35, therefore there is no good will, and the $846,955.50 is doubtful. The equity in films is probably small. If we take the above into consideration, the above the investments are worth half, and the equity in films amounts to $200,000. I would say and the stock was worth not more than $1 per share, if that (1931).

Grouse Mountain Tunnel & Mining Company.	Incorporated under the laws of the State of Colorado, and owned a tunnel site and other property on Grouse Mountain in Teller County, Colorado. In 1900 it was reported that this company filed an affidavit that the necessary amount of work had been done on the properties to fully comply with the law to hold them until December 31, 1900, and found no record since then. We can only reach the conclusion that the company having found no ore, abandoned the land and went out of existence.

Gruber, B., Inc. Incorporated in New York and was engaged in the contracting business with an office at 116 W. 39th Street, New York City, in 1927. Directors: Benj., Gruber; Benj. Poller, attorney, 154 Nassau Street, New York City. Mr. Poller informed us that it is his recollection that the company owned some property on the Grand Concourse, New York City, which was lost through foreclosure. He also stated that he believes the stock of the subject company is without value. In view of the above, we believe the shares are without value.

Guadalupe Valley Oil Company. Value of 80 Shares, Par $5.00. This company is unincorporated, but was reported as a trust doing business with offices at Victoria, Texas, in 1921. We have searched all stock records since 1921 and found no market for the stock. However, we sent a letter to the company at Victoria, Texas, requesting the present status of their company, particularly the value of their stock as of January 12, 1932, and our letter was not answered nor returned. In absence of any market for these shares, we submit only a nominal value for the capital stock as of January 12, 1932.

Guanajuato Consolidated Mining and Milling Co. Par $5. Incorporated in West Virginia, 1899. Company has devoted many years to costly production with small results. There is practically no market for the securities except at auction. Company has an office at 50 Broad St., N. Y. C. On Aug. 28, 1928, 100 shares sold at 7 the lot at auction and on March 13, 1929, 20 shares sold at $.15 each at auction. We believe that the price of 10 cents would be a fair valuation.

Guarantee Trust & Banking Co. (Atlanta, Ga.)	Organized in 1907 and was placed in receivers hands in 1913, the company being insolvent as the result of fraud and mismanagement. The money paid in by bondholders was dissipated by reckless land speculation and the payment of fat salaries and bonuses to its officers. The shares of this company have absolutely no value. We have had no occasion

Gulf & Manitoba Railway Company. Incorporated—Minnesota, July 19, 1899. Capital—$50,000. The purpose of the company was to build a line of railroad from Jackson to Sank Center. However no construction was ever started as far as we can ascertain. The following were the original incorporators: Hans Gronnerud, Beaver Falls, Minn., Vice-President; J. K. Brown, Jackson, Minn.; E. E. Carpenter, Canton So. Dak., President; F. T. Campbell, Des Moines, Iowa, Treasurer; J. J. Bell, Des Moines, Iowa, Secretary; J. A. Carpenter, Alvan, Ill. We have endeavored to communicate with the above men but without success. As far as we can ascertain there is no market for the stock and bonds which we believe worthless at the present time.

Gustin & Dressner Inc.	N. Y. 1932.	
Gustin Land Co. Ltd.		3
Gustin Minerva Consolidated Mining Company. Incorporated in South Dakota in 1886 and its corporate existence expired in 1906. Officers—G. Weston Wood, President; S. L. Crocker, Secretary. We do not find any trace of this company for a great many years and believe it out of existence. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

H. & H. Patent Development Company.	Incorporated—California, December 12, 1912. Principal office—Oakland, Calif. On November 23, 1921 this company changed its name to the Hebren Electric Code, Inc. On March 5, 1927 this company's charter was forfeited for non-payment of taxes. We find no sales or quotations whatever of the stock of the old company nor have there been any sales or quotations of the new stock since April, 1925 when all classes were offered at .30 no bids received. In view of the above we believe the stock of the old company has no value at the present time.

Halcyon Oil Company. Incorporated—South Dakota. We are unable to find any trace of this company for a great many years and believe it has gone out of existence. In 1928 its charter was forfeited for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Hale Company. Incorporated under the laws of New York with an authorized capital stock of $200,000. which was increased on July 19, 1911 to $275,000., par $1.00. each. Some years ago the company had an office at 68 William Street, New York City, at which time the following were officers and directors: William F. Smith, president; H. Waldemar Koehn, secretary; Directors—William F. Smith, H. W. Koehn, Wm. E. Peck, Ed. S. Sav-

age, Ed. R. Betts. Frederick J. Middlebrook, formerly associated with the company and now located in New York City informs us that the company was sold out about two years ago to Joseph P. Carney of Gardner, Mass. Mr. Carney writes us under date of June 29, as follows: "The Preferred stock of the Hale Company has no particular market value of which I know. Some of the stock has been purchased within the last year or so at $60. per share. I do not know of any market for the Common stock and no sales have been made for a period of at least two years. No dividends have been paid upon the preferred stock for some time. The chair industry is not in good condition. The Hale Company, over a period of five or six years, has shown very heavy losses and has not as yet gotten into a condition where it is showing any net income. It might be possible for me to secure a customer for the preferred stock at $60. per share." (1926)

Hale & Kliburn Corp., Phila. Deferred Participating Receipts has no present value. When issued they had a prospective value only; since that time, due to the depreciation in the value of the securities of Hale & Kilburn Co. of Phila., owned by the Hale & Kilburn Corp., N. Y., which issued the Deferred Participating Receipts, and also owing to the general depreciating in value of all bonds and securities, there is no immediate prospect that payment on account of these receipts will be made.

Hale Mining Company. Incorporated in Massachusetts in 1865 and was dissolved by Chapter 299 of the Acts of 1931. The company never filed a report and was dissolved by law at the end of their term of existence. The mining records and manuals back to 1878 failed to give any record of this company. It is our opinion that the company went out of existence soon after their incorporation and believe the shares are worthless.

Harby Oil Company. Incorporated in West Virginia April 11, 1901, with principal office in New York City. This corporation has never filed a record of its offices, nor has it paid a license tax in recent years. As a result it has long since forfeited its charter rights. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Hardman Rubber Corp. of California		1
Hardman Tire & Rubber Company.	Incorporated under the laws of the State of New Jersey Oct. 8, 1910 to succeed the Hardman Rubber Company that failed. The company manufactured tires at Belleville, N. J. Mr. F. W. Dyer, formerly of 24 Broad Street, New York City, was president of the company. As of June 1, 1916 the company's statement showed Accounts Receivable of $143,000 (that were mostly bad accounts), and Cash of $1,300; bills payable amounted to about $64,000. This company failed about 1920 and lost their charter on Mar. 28, 1922. The creditors were not paid in full, leaving no equity for stockholders.

Harrison International Telephone Company. Edward M. Harrison, the telephone inventor, who was made a defendant in the suit for a receiver for the company brought October 5, 1896, by stockholders in the Federal Court, Chicago, filed in court a long answer, practically admitting fraud and wrecking and that he was a victim of the schemes of his associates. Harrison alleged that the company became insolvent, its assets having been squandered by the officers and directors who voted large salaries to themselves and money for mythical expenses. He said that all the assets were absorbed by the officers and the stockholders defrauded. We do not believe the stock has any value.

Harrison International Telephone Co. Incorporated in 1894 and operated at Chicago, Ill. On Nov. 21, 1896 the company was placed in receivers hands for fraud, etc. Mr. Harrison the inventor at the time stated that the company was insolvent, its assets were squandered by officers and directors, who voted large salaries to themselves and money for mythical expenses. The assets were absorbed in the interest of the officers and the stockholders were defrauded. We submit the shares as worthless.

Harrison Oil Company. Incorporated in Pennsylvania and had an office in Philadelphia in 1865. The property of the company was located in Venango County, Pennsylvania. We found no record of this company's operations nor any evidence that the stock ever had a value. The Clerk of the Court of Venango County, Oil City, Pennsylvania, informed us that they have no funds to pay on the stock of this company. It is our opinion that the shares are valueless.

Havana Oil Company. We find no record of an Havanah Oil Company, Inc., which was incorporated in Arizona, but do find the Havana Oil Company. The latter company was incorporated in Arizona in 1903, but did not file a report or pay fees since its incorporation, accordingly we find no trace of it for a number of years and believe it out of existence. On December 8, 1928 its charter expirted by limitation. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Fort Worth, Texas. We do not find any record of the company after 1928 and believe it went out of existence at that time. The last quotation of the stock, of which we have record, occurred on October 10, 1928, when 200 shares were offered at .50 no bids received. We believe the stock has only a nominal, if any, value at the present time.

Hedgefield Improvement Company of Wytheville, Va. Incorporated—Virginia. On May 31, 1908 the charter of this company was forfeited for non-payment of taxes and we are unable to find any trace of it since that time. It is our opinion that the company went out of existence about 1906. As far as we can ascerain there is no market for the stock, which we believe valueless at the present time.

Heimbach Slate Mining Company.	Incorporated in New Jersey Jan. 3, 1867 and was located at Elizabeth, N. J. The charter of the company expired by limitation in 1916. We searched our mining records in 1898 for this company and found no record of its operations. It is our opinion that the bonds are worthless.

Henderson Realty Company.	Incorporated, New York. Capital, $50,000, outstanding $50,000. Par value, $100. Mortgage indebtedness, $25,000 at 6%. Address, 414 West 23rd Street, New York City. This company owned about 38 acres of land at South Ozone Park, Long Island, which originally cost $1,600 an acre. The property was non-income producing and each shareholder was assessed each year in order to provide for the expenses of the company. At the present time we are unable to find any trace of the company. Letters addressed to the officers are returned and marked "unclaimed." As far as we can ascertain there is no market for the stock which we believe has only a nominal, if any, value at the present time.

Hermes Mining Corp. Incorporated in Delaware and is no longer in existence, having become inoperative April 1, 1932, for non-payment of taxes. The last known address was 13 Astor Place, New York City, care of J. W. Jenks. Mr. Jenks, formerly Chairman of the Board of the Alexander Hamilton Institute, died 3 years ago. His son informed us that the company has no assets; in fact, his father advanced $20,000 to the company for development purposes and received notes, which were never paid. Mr. Jenks had 500,000 shares of the stock listed in his estate as having no value. in view of the above, we submit the shares as worthless.

Herring-Curtis Company. Organized by A. M. Herring and capitalized at $360,000. The majority of the stock owned by Mr. Herring given to him in consideration of his American patents. During the war Mr. Herring and Mr. Wright were the only ones whose bids were accepted to deliver planes to the War Department. Mr. Herring, after receiving several extensions of his contract, failed to deliver a machine. On January 4, 1910, Judge Hazel at Buffalo, N. Y., granted on behalf of the Wright Company a preliminary injunction against the Herring-Curtis Company, restraining them from the manufacture and sale of aeroplanes infringing on patents granted May 22, 1906 to the Wright Brothers. On April 8, 1910, a petition in bankruptcy was filed at Hammondsport, N. Y., against the Herring-Curtis Co.; claims $7,598.00. The Bank of Hammondsport of Hammondsport, N. Y., informed us that the case has been in the courts for a number of years and is still continuing. We advise you to keep in touch with the courts at Hammondsport, N. Y., for further developments.

Heseltine Motor Corporation. Incorporated — Delaware. Office (1916) — 2000 Broadway, New York City. No information in 1917—out of existence. Dr. A. Vernon Clarke, 417 Convent Avenue, New York City, who was formerly a director of the corporation, informed us as follows: "Following my resignation from the Heseltine Motors Corporation about fifteen years ago, I am unable to state what happened to the company, but am of the opinion that it later became extinct. I am afraid that the value of any shares held in the company, is nil." In view of the above, we submit the shares as worthless.

Hesslein, Max, & Co. (N. Y. C.). Value of $500 Participation ctf. in Trust #122. This certificate participates in oil royalties of property located at Tulsa, Okla. The Trust was organized in Dec. of 1928 and to date of death has paid $353.83 on the certificate, the last payment being $5.69 made in November, 1930. It is deponent's opinion that the future value of the certificate is problematical for the reason that the security is highly speculative and may become worthless at any time. However, considering that the certificate received $5.69 in November, 1930, the certificate to yield 10% would have sold at $56.90. Therefore, it is deponent's opinion that the participation was worth about $56.90 as of Dec. 16, 1930.

Hesslein, Max, & Co. (N. Y. C.). Value of Participation ctf. for $500 in Trust #123. This certificate participates in oil royalties of property located at Tulsa, Okla. The Trust was organized in January of 1929 and to the date of death has paid $114.55. This trust was started a month after Trust #122 and received very little return compared to the amount paid on Trust #122. Therefore, it is deponent's opinion that the certificate was not worth more than $10.63 as of Dec. 16, 1930.

Hesslein, Max, & Company (N. Y. C.). Value of Participation ctf. in Trust #125. This certificate participates in oil royalties of properties located at Tulsa, Okla. The trust was organized in May, 1929, and to the date of death has paid $194.28. The value of the certificate is problematical. Therefore, it is deponent's opinion that the certificate was worth about $28.35 as of Dec. 16, 1930.

Hibernia Underground Railroad Company. That said railroad was 1.31 miles long and ran through Hibernia Mountain, N. J. Deponent interviewed Mr. D. R. Hummer, of Dover, N. J., who was the former secretary to the president, George Richards, and he stated that the road was a total loss and the stock worthless. Operations on this road were suspended in 1895 and freight was transferred to the Hibernia Mine Railroad that ran near there. The Hibernia Underground Railroad

was originally absorbed in the Glendon Iron Company, which was taken over by predecessors of the Warren Foundry & Pipe Corporation of Phillipsburg, N. J. Deponent examined the Will of George Richards, president, at the Surrogates Office at Morristown, N. J., and found that the shares held by the Richard estate were carried at zero in 1905. Therefore, deponent submits the shares of the Hibernia Underground Railroad as worthless.		
Hibernian Bldg. Assn. of Portland.	Inc. Ore. 1912. D. J. Curran, Treasurer, 635 Williams Ave., Portland, Ore., advised us on Aug. 8, 1932, that the stock has no value at the present time.

Highland Park Masonic Building Association. This Association is located in the Masonic Building, Highland Park, New Jersey. Edwin W. Eden, Treasurer, located at 244 Benner Street, Highland Park, New Jersey. The bonds are carried on the books of the Association at par value, but at present there is a reorganization under way which may affect the value of the bonds. They stated that it is not possible at this time to advise what the results of refinancing will be.		
Highland Park Masonic Building Association. Value of Second Mortgage Bonds. Supplementing our report rendered November 7, 1931. Mr. Edwin W. Eden, Treasurer of the Association has informed us as follows: 'To what extent the re-financing which is in process may affect the value of bonds cannot be determined until the reorganization is completed, which will be another month or so." As stated in our previous report, Mr. Eden was of the opinion that the reorganization may affect the value of the bonds. In view of the above statement, and the impending reorganization and refinancing, and for the reason that there was no market for the Second Mortgage Bonds about the date of death of decedent, we do not believe the bonds were worth more than $35 or $350. per $1000. bond as of the date of death. You must consider this is a real estate proposition and real estate values have been affected considerably. If the property had been sold at foreclosure sale about the date of death, we do not believe the Second Mortgage Bondholders would have received more than the above, if that. Therefore, it is our opinion that 35 is a fair and conservative valuation. (1931)

Highland Spring Company. Organized under the laws of Maine on May 2, 1913 and subsequently a corporation of the same name was organized under the laws of Maine on June 6, 1919. On September 10, 1924 the Highland Spring Company organized under the laws of Maine was excused from filing reports with the state authorities of Maine. No further trace can be found of a company of this title organized in Maine. We believe the company ceased to exist prior to 1924 and that the stock is valueless as of March 31, 1927.

Hirst Manufacturing Company. Incorporated — November 15, 1922 in Erie County, N. Y. Officers—P. W. Hirst, President; W. E. Gallagher, Secretary. We have searched our own files and many other sources of information available to us, but can find no record of this company being in existence at the present time. It is our belief that it has gone out of existence. As far as we can ascertain there is no market for the stock which we believe has only a nominal, if any, value at the present time.

Hisgen Oil Corporation. Incorporated — Delaware. Officers—Thos. L. Hisgen, President, 912 Walker Avenue, Houston, Texas; Alvert A. Turner, Vice-Pres., 912 Walker Ave., Houston, Texas; B. L. Hodge, Sec. & Treas., 912 Walker Avenue, Houston, Texas. On March 17, 1926 its charter was declared null and void and proclaimed by the Governor in January, 1927 for non-payment of taxes. The last quotations of the stock, of which we have record, occurred in November, 1922, when 500 shares were offered at $1.75, no bid received. We believe the stock has no more than a nominal, if any, value at the present time.

Hisgen Oil Corp.		2

Hisgen Texas Petroleum Company. Incorporated—Maine. Francis J. Snow of Greenfield, Mass., informed us that he was Treasurer of the company, which had been operating unsuccessfully for a year or two. The leases, two in number, were in the Goose Creek field about 38 miles east of Houston. The leases were sublet and finally lost by default. The company died a natural death in 1927. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Holley, Bertha, Inc.	Incorporated in New York and was engaged in the costume business with an office at 38 W. 51st St., N. Y. C. Bertha Holley, President; Alice Godfrey, Sec'y; Jean Nelson Penfield, Dir., 280 Broadway, N. Y. C. Miss Penfield informed us that she incorporated the company, but has heard nothing of it since then. There is no such number as 38 W. 51st St. The buildings on that side of the block were torn down to make way for Radio City. We have made a thorough search of our records and found no further trace of the company. It is our opinion that the company is out of existence and the shares are worthless.

Holt Power-Light Company.	The Holt Power-Light Company was incorporated under the laws of the Sate of Delaware and went out of business in 1926. The charter of the company was forfeited on January 24, 1927 for non-payment of taxes for two years. We have searched our files and found no record of the company's operations since incorporation nor any evidence that the shares ever had a value. On December 11, 1923, 79 shares of Preferred and 350 shares of Common Stock were sold at auction for $75.00 the lot. It is our opinion that the shares are without value.

Home Art Masters, Inc. Incorporated in New York State and had places of business at 140 Fifth Avenue and 338 E. 95th Street, New York City in 1915. No information—1917—at 16 Horatio Street, New York City. Certificate of incorporation was filed April 14, 1914 and certificate of dissolution was filed October 14, 1919. Mr. R. B. Stuart, 230 Park Avenue, New York City, was formerly treasurer of the company, and informed us that the company was only in business about a year and a half, then went out of business. The company was a total failure. They tried to sell a certain kind of furniture, which did not take. In view of the above, we submit the shares as worthless.

Home Builders Mtge. Corp.	This Corp. sold all of its assets to the Eastern Mtge. & Investment Corp. The Eastern Mtge. & Investment Corp. then sold all its assets, which included the assets formerly owned by the Home Builders Mtge. Corp., to the General Mtge. & Loan Corp., in consideration of a certain amount of its preferred stock. The Home Builders Corp. received as consideration for the sale of its assets to the Eastern Mtge. & Investment Corp. a certain amount of this preferred stock of the General Mtge. & Loan Corp., which amounted to a share for share exchange. This stock was distributed to the stockholders of the Home Builders Mtge. Corp. as a liquidation dividend, and said Corp. was then left with no assets and dissolved. As the decedent received his shares of pref. stk. of the Gen. Mtge. & Loan Corp. for his pref. stk. of the Home Bders. Mtge. Corp., the stk. of the latter Co. was automatically cancelled. Therefore, the pref. stk. of the Home Bders. Mtge. Corp. is worthless.

Homestake South Extension Mining Co.	Incorporated in South Dakota on June 11, 1903 and the mines were located at Deadwood, So. Dak. At one time company had an office at 100 Broadway, New York City, and was reported as inoperative in 1910. Olaf Seim and Geo. M. Johnson of Deadwood, So. Dak., and Jno. Cooper of New York City were among the incorporators and directors. We failed to find any trace of the company after 1910 and believe it went out of existence. In view of the above, we submit the shares as worthless.	
Homestake South Extension Mining Co.		1
Homestake Southeastern Mining Company.	Incorporated—South Dakota. Par Value—$1. We find no trace of this company for a great many years and believe it has gone out of existence. In 1923 its charter expired by limitation. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Hotel Beverly Terrace.	We find that the mortgage covering this property was foreclosed in Dec., 1928, and bondholders were requested to turn in their bonds in exchange for participation certificates. We are further informed that the property is returning some slight income now and expectations are for a better showing in the next few years. We understand, the Trustee is renting the property and a statement covering the income and expenses of same will be mailed to bond owners about July 1, 1929 covering 6 months' operation period.

Houston, Brazos & Northern Ry. Co. Incorporated in Texas in 1899 and purchased the rights and franchises of the Texas Western Railway. The company completed four miles of road in 1901 and surveyed 185 miles. It was reported that the company went out of business in the latter part of 1907. In the Interstate Commerce Commission's Report for June 30, 1909 it stated that the company had lost its charter. The company purchased the Velasco Brazos & Northern Railway early in 1905 The bondholders of this company foreclosed on the property and it was sold to the President, who held all the bonds. The road was then succeeded by the Houston & Brazos Valley Railway Co. There was no equity or provisions made for the old stock, which is without value.

Houston Insurance Company. Value of stock dated May 25, 1876. The Chairman, Board of Insurance Commissioners, at Austin, Texas, informed us that a search of their records do not show a company by the above name, which was in existence in 1876. They hold no funds for stock of this company. Therefore, it is reasonable to assume that the stock is without value.

Houston Oil & Refining Company. Organized in Texas, 1919. Capital—$1,000,000; issued $520,000. All common, no par. Properties—Leases in West Columbia, Humble, Sour Lake, Hockly, Callahan, Burkburnett and Hill, Texas. Address—Beatty Building, Houston, Texas. Officers in 1921: A. W. Perryman, President; C. S. Thomas, Vice-President; F. P. Penfield, Sec. and Treas. We find no trace of the company after 1921 and believe it went out of existence about that time. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Howard Investment Company. Incorporated in Minnesota and has a principal place of business at Duluth. We are advised as follows by J. D. Howard, President of the company: "We wish to advise that the Howard Investment Company stock is not listed on any exchange, and, therefore, has no immediate market. The value of the stock can only be judged by the price that several of our stockholders have requested that their stock be sold for; which is in the neighborhood of 25 cents on the $1.00 for preferred stock and 10 cents on the $1.00 for common stock. It is almost impossible to interest anybody at this time in the purchase of our stock due to its dividend paying record during the past five years, and due to the fact that there is no immediate market for it. The company's assets are in real estate holdings which, at this time, are not liquid. The property which they own is more than enough to cover the par value of the stock."

Hoyt Land & Bldg. Company.	Incorporated in Maine and filed its last return in 1903. The charter was suspended in 1909. We have been unable to find in the courts that this company ever owned any property. It is our opinion that the company probably held leases and lost them. The stock, as far as we have been able to determine, has never had any value and submit them as worthless.

Hulbert Motor Truck Company of Pennsylvania. Incorporated—Pennsylvania. The company was petitioned into bankruptcy on January 19, 1919. The receiver was L. P. Marvin of 48 Wall Street, New York City. The assets were taken over by the Harrisburg Manufacturing & Boiler Company, Harrisburg, Pennsylvania. Stock was distributed among the creditors. We have written several letters to the Harrisburg Manufacturing & Boiler Company, and have not heard from them, nor have our letters been returned. However, for tax purposes, we submit only a nominal, if any, value as of December 20, 1930.

Humble Extension Oil Company. Incorporated in Arizona May 31, 1906, and since that time has not filed a report or paid license fees. We find no trace of the company for a long time and believe it went out of existence many years ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Humboldt Brick Mfg. Co.	Humboldt Brick & Tile Co., Humboldt, Kansas, successor.	
Humboldt Brick Stone and Powder Co.	Calif. 1908.	

Humboldt Brick & Tile Company. Incorporated in Kansas and is engaged in manufacturing building bricks, face brick, farm drain tile, partition tile, hollow building tile and silo tile at Humboldt, Kansas. This company has been successfully engaged in the brick business for thirty-three years. The preferred stock of the company pays 6½% and finds a ready market in Humboldt at par when conditions are normal, but under present abnormal conditions, it is doubtful whether the stock can command a ready market. On the basis of the 6½% dividend on the preferred it is our opinion that the stock is worth somewhere between $15. and $20. per share. (1932). The company informed us that we probably could get financial statements from the commercial agencies. Their charge is, we believe, $1.00 per company. Under these circumstances we suggest that you make a direct demand for a statement.

Humboldt Shale Mining Company. Incorporated in Kansas and is quite active in a small way at Humboldt, Kan. The company informed us that it is rather difficult to state just what the value of this stock is as its dividends depend upon sales of shale which are slow now because of a decreased demand for building brick and tile which are made of shale. The company has refused to give us a statement, but will send one to your client upon request. J. J. Amose is Secretary of the company. There is no market for this stock, and for tax purposes we submit only a nominal value at the present time.

formation on this company but knows that the company has no assets of any kind and is out of business. Mr. Alfred G. Eden, former president of the company, now of the Allison-East End Trust Company, Harrisburg, Penn., informed us that the company has been out of existence for 10 years or more and the 2nd preferred stock has no value.		
Hurlburt Motors Inc.	N. Y. 1929.	
Hurlburt Overseas Corp.	N. Y. 1929.	
Hurlburt Research Corporation. Incorporated in Delaware and was engaged in the cutlery manufacturing business with an office at 363 Rider Ave., N. Y. C. We located Mr. Edward E. Leissner of 432 E. 71st St., N. Y. C., a former director of the company, and he informed us that the company went through bankruptcy last year and left no equity for the capital stock. Therefore, it is our opinion that the preferred and common shares were without value as of July 23, 1932.

Hurricane Lodge, Inc. The capital stock has not much value, as subscriptions were made by guests of Hurricane Lodge in order to perpetuate its existence and have a place where refined people might go to spend the summer. It has never paid a dividend and there are two mortgages ahead of the stock, one for $5,000 and one for $8,500. Therefore, I think you might be justified in placing a nominal value on the stock as of February 12, 1929.

Hydro Electric Company of Toms River. Value of First Mortgage 6% Bonds due June 1, 1955. The charter of this company was forfeited January 13, 1931 for non-payment of taxes. We searched our records, and failed to find any record of the above company, or of its operators. However, the First National Bank of Toms River, New Jersey, informed us that in their opinion the bonds of the Hydro Electric Company of Toms River are worthless. The Ocean County Trust Company of Toms River, New Jersey, informed us that there has never been any market for these bonds. Therefore it is our opinion that the bonds are worthless.

Iceland, Inc.	Common Stock, Par $100. This company has been operating at a loss for some time and accordingly had not paid dividends. We have been in touch with Mr. C. B. Fuller, Treasurer of Iceland, and he advised us that if the stock in this estate were offered at par he may be able to find a buyer at that price. We, therefore, believe $100 per share was a fair value for the common stock as of March 18, 1930.

Idaho Gold Mines Development Company.	Incorporated—Arizona about 1902. Property—A group of seven claims on Rainbow Peak, Idaho. Address about 1913—Chicago, Ill. New York City agents—Makeever Bros., 170 Broadway, N. Y. C. We understand that the property, from a development point of view, is favorable, but the ore carried large quantities of arsenic, which interfered with the cyaniding of the ore; this made it necessary to first roast before the ore could be treated. To roast the ore, it was necessary to have a large supply of fuel, and at the time the company was operating they were endeavoring to find a coal deposit near the mines so that production could be made on a profitable basis; evidently this deposit was never found, as we can find no trace of the company since about 1913 or 14. In view of the above and the sales of the stock at auction for a nominal figure, we believe all shares valueless at the present time.

Iguana Mining Company. Incorporated — Arizona, February, 1906. Capital—$1,250,000. Par—$1. This company was a successor to the Quebradillas Mining Company and evidently like its predecessor, did not make much of a success of the mine. Due to internal disturbances in Mexico it was impossible to operate it. In view of the fact that the stock of this company has been considered worthless in other appraisals we believe it so at the present time.

Ilderan Outing Club of Rahway. This Club is purely of a social nature and we believe that any person who purchased bonds in the Club did so merely for the purpose of making a donation. We are advised that in the past 20 years about 80% of the bonds have been turned back to the Club. While there is equity in the Club property which the bonds represent, we do not believe it probable that any of the bondholders would demand payment on their bonds. To date no such action has taken place and in view of the fact that already 80% of the bonds have been returned to the Club, we believe that any outstanding bonds of the Ilderan Outing Club have only a nominal, if any, value at the present time.

Imperial Prussian Government. Value of certified copy of ctf. of deposit for certain German securities—face value 3500 marks. Securities deposited in a Public Tax Office in Germany in 1924 as security against a possible German Inheritance Tax have very little value at this time. The mark was revalued some years ago and 12½ new marks were exchanged for each 500 gold marks. It is quite possible that under the new valuation of the mark the Inheritance Tax exceeds the present value of the securities deposited. In fact we were advised by the German Consulate to drop the matter under these conditions. This can be confirmed by attempting to reclaim the securities and finding what the tax amounts to.

Importacion Company. Incorporated in N. Y. in 1928 and was engaged in the shipping business in Spain and had an office at 120 Broadway, N. Y. C. Mr. E. R. Whittingham, an attorney, located at 120 Broadway, N. Y. C., informed us that the Spanish Revolution which took place on May 1, 1931, practically wrecked the company, leaving it with no assets. Therefore the shares were without value as of Oct. 22, 1931, and submit them as such as of that date.

Independent Brewing Company. Re: First Mortgage 6% 40-year Gold Bonds due May 1, 1948. The Lawyers Trust Company, formerly Lawyers Title Insurance and Trust Company, resigned as trustee on April 28, 1909. They know nothing of the present status or whereabouts of the company and have no funds to pay on the said bonds. The brewing establishment disappeared the same year the bonds were issued. No value was found for the bonds in 1911. Therefore, we submit the bonds and stock as worthless.

This corporation formerly had an office at 256 W. 57th Street, New York City. Mr. Warner of the Liberty National Bank & Trust Company, 50 Broadway, New York City, informed us that the corporation failed some time ago, having lost their money in the market. Their business was trading and apparently they did not guess right. Mr. Warner also stated that the corporation has no assets and the stock is absolutely worthless.

Indian River Land & Improvement Co. Incorporated in New York and had an office at 45 Broadway, N. Y. C., in 1891. The company held land that was fully paid in Brevard County, Florida. The American Loan & Trust Company failed in 1891 and the receiver was discharged in 1904. The last statement in 1891 reported receipts for the year $460; expenditures $1,500; liabilities other than capital $15,000. S. E. Seymour, Pres.; W. Z. Brown, Treas.; John T. Salter, Director. In 1911 it was reported that the company failed in 1892 and that the property was sold for debts, leaving no equity for the bonds, which are without value.

Indian Springs Gold Coin Mining Company. Incorporated in Arizona in 1906 and is legally dead, its corporate existence having been terminated by the expiration of its charter by 26 year statutory limitation of Jan. 22, 1931. The company probably failed in 1907 for no reports have been filed by the company since incorporation. It is our opinion that the shares were worthless as of April 19, 1933.

Indiana Consolidated Oil Company. Incorporated in South Dakota about 1902 and the term of its existence expired by limitation in 1922 since which time we have been unable to find any trace of it. We believe it went out of existence many years ago. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Indianapolis, Cincinnati & Lafayette Railroad Co. Value of Preferred Stock. Consolidation 1866 of the Indianapolis & Cincinnati and the Lafayette and Indianapolis Railroad, when a perpetual lease was taken of the Cincinnati & Indiana Railroad, lessees assuming the bonded debt thereof. The company was placed in the hands of a receiver Aug. 1, 1876 and a final decree of foreclosure and sale issued Nov. 24, 1879. It was sold to a committee of first lien bondholders Feb. 2, 1880. The property was conveyed on March 6 1880 to the Cincinnati, Indianapolis, St. Louis & Chicago Railway Company. The latter company was afterwards consolidated with other companies to form the Cleveland, Cincinnati, Chicago & St. Louis Railway Company. We were informed by Mr. R. N. Harry, Assistant General Treasurer of the Cleveland, Cincinnati, Chicago & St. Louis Railway Company, that it is his understanding that the outstanding stock of the Indianapolis, Cincinnati & Lafayette Railroad Company is worthless.

Industrial Oil & Gas Company. Incorporated in Delaware, April 9, 1920 as a merger of the Hale Gas Co., the Hale-Nickolson Co. (Elk City Pipe Line), the Keiser Gas Co. and the Eureka Gasoline Co. Capital stock—Authorized 200,000 shares of no par value; outstanding 100,000 shares. Officer: Lester Watson, Vice-President, and now a partner of Hayden, Stone & Co. Last reported offices: 7 W. 10th St., Wilmington, Del. 25 Broad St., New York City. On April 20, 1921, a Receiver was appointed by the District Court of the United States for the District of Kansas, Third Division, for the purpose of administering the properties of the company. During the past three years the Receiver has liquidated all the Company's assets. Pursuant to court order, the proceeds (except a small amount which the receiver holds for the payment of expenses of the receivership) have been distributed among the creditors of the company, who have thus received about 65% on their claims. The company has ceased to do business, all of its assets have been disposed of and no further purpose can be served by continuing its corporate existence. So long as the company continues to exist, it is required by the laws of the United States and of Delaware, Kansas and Missouri, to make periodic reports and returns. In its present condition, it is obviously not in a position to do so, but for failure to comply with the laws in these respects, the company, its officers and directors may be subjected to serious penalties. For these reasons, it has seemed to the Board of Directors advisable that the company be dissolved. A resolution to this effect was adopted at a special meeting of the Board, and a special meeting of the stockholders to take action upon the dissolution has been called for June 20, 1924. It will be noted that there were insufficient assets to take care of the creditors and, therefore, the stock is worthless.

Industrial Ownership Corp. Inc. N. Y. W. G. Heath, 136 Liberty St., New York City, informed us that the company failed and banks acquired all assets as security for loans. Nothing was left for stockholders.

Industrial Ownership Corporation. In September, 1925 this company was placed in the hands of a Receiver as a result of its inability to pay a judgment of approximately $165,000 obtained by Mitsui & Company. The result of this action by Mitsui & Company was that the various banks to whom this corporation owed payment of certain notes, secured by collateral, which notes had matured and were unpaid, sold the collateral and applied the proceeds toward the payment of their notes. As the Industrial Ownership Corporation was a holding company and owned only stocks in other corporations, and as all of its holdings of stocks had been pledged as collateral with the banks, this action wiped out all of the assets. As a matter of fact the collateral did not realize enough to take care of the notes in some instances so that deficiencies exist. For all practical purposes the entire capital stock of this corporation has been wiped out. The last sale of the stock of which we have record occurred at auction on Dec. 21, 1927 when 528 shares sold at auction for $50 the lot.

Industrial Transportation Company. Certificate of incorporation was filed for record April 12, 1904 and that the term of existence shall be perpetual. The trustees to manage the affairs of the corporation for the first year were given as: Edward Lugo-Vina, Porto Rico; Rio Piedras, Porto Rico; Edward D. N. Whitney, Washington, D. C.; W. A. Copehaver, Washington, D. C.; Samuel H. Moore, Washington, D. C.; E. L. Mattice, Washington, D. C. The address of the corporation was given as 717—14th Street, Washington, D. C. At last reports receiver was appointed in April, 1921—the company filed a voluntary petition in bankruptcy. Letters addressed to the company and officers were returned marked "unclaimed." If any assets were left for stockholders we would have found some record of it. Therefore, it is our opinion that the company left nothing for the stockholders and submit the shares as worthless.

Industrial Zinc Mining Company. Incorporated in Missouri and its charter was declared forfeited for failure to file reports on January 1, 1922, the last reported officers were: F. G. Powers, President, Kansas City, Mo.; H. A. Wilson, Secretary, Kansas City, Mo. We are advised by Mr. Wilson that there is no sale for this stock. The company owns some mineral land in Missouri and whatever value the stock may have would depend on what can be realized on the land. We are informed similar land to that owned by the company in some cases is quoted at $2.50 to $5. per acre. The last sale of stock was made in 1920 at about $5. per share.

Intercity Telegraph & Radio Corp. We have been advised that the new company which was incorporated in Delaware on January 7, 1929, and which is now in receivership was organized for the purpose of merging with the old company. The merger to be effected by an exchange of stock. Affairs to date, have not been settled as the government has not given the new company the power of expanding, accordingly no exchange has been made to date. We are unable to find any market for the stock at the present time and believe the common stock has no more than a nominal value. For future developments we refer you to Mr. F. C. Scofield, treasurer of the company, now located at 30 Broad Street, New York City.

International Company Inc. of New Jersey.	N. J. 1933.	

International Company of St. Louis. Value of Preferred Stock. This company is in receivers' hands, and the receivers' address is 722 Chestnut Street, St. Louis, Mo. The International Company of St. Louis had an outstanding obligation of $1,200,000 which must be paid before distribution can be made to its stockholders. The income which this company will receive as liquidating dividends on its International Life Insurance Company stockholdings, which amounts to $2.50 per share (first dividend), will be used to pay off this debt. However, since the amount of these dividends cannot be determined in advance, it is impossible to state when the debt will be fully paid. This company holds 23,624 shares of stock of the Life Insurance Company or 62% of its outstanding stock. The Insurance Company would have to liquidate at $50 per share to pay off above debt. The International Company of St. Louis has among its assets as of December 31, 1930: Cash, $16,800; Government Securities, $55,200; Collateral Loans, $93,500; Mortgage Loans, $70,400; Real Estate, $130,200; Bills Receivable, $4,800, and Stocks, $2,108,000. Included in the last item, the International Life stock carried at book value. It is hoped that more than book value will be realized, but it is difficult to estimate how much more for the reason stated in the letter addressed to the International Life stockholders. Set against these assets, there are debts of $1,392,000 that must be paid, and the costs and expenses of Receivership and claims in litigation settled, before any liquidating payments can be made to stockholders.

International Fire Escape Company of Baltimore City. Incorporated in 1883 with Ernest Riall as President. The records of the Secretary of State of Maryland only go back as far as 1908 and have no record of a company of this name. Apparently the company went out of business years before for we failed to find any records of the company as far back as 1883 when the company was incorporated. It is our opinion that these shares are worthless.

International Gold Mines Company. Incorporated—Arizona, September, 1906. Capital—$10,000,000. Par—$1. Property—7 claims, comprising 177 acres in the district of Rayon, Chihuahua, Mexico. Officers in 1908—James L. Phelps, President; L. A. Allen, Vice-President; B. L. Hammer, Secretary & Treasurer. We do not find any trace of this company at the present time and believe it has gone out of existence. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.		
International Gold Mines Co.		3
International Gold Mining & Development Company, Ltd. Address (1902)—Lydonville, Vermont. Property (1902)—100 acres on Lost Creek in the Nelson Mining district, B. C. The proposition was regarded as a prospect, and proved of little value. Assessments were good until 1902. We believe the shares have no value.
